

## **EE 492 WEEKLY REPORT 8**

**Date: 10.14.2016**

Group number: DEC1616

Project title: Fluorescence Polarization

Client &/Advisor: Lu Meng

Team Members/Role: Xin Tong, Di Zhao, Tianqi Luo, Le Wei

(All the above information should be there in each weekly report)

### **Weekly Summary (Short summary about what you did this week)**

This week we come back to the data testing. After we change the parameters of our equipment. Our data is really close to the center's data.

### **Past week accomplishments (please describe as what was done, by whom, when)**

We test the new liquid and compare them with the data from the testing center. We find that our data is really close those data.

### **Pending issues (if applicable)**

- A. Xin Tong: modified the program.
- B. Di Zhao: data collection.
- C. Le Wei: testing.
- D. Tianqi: testing.

### **Individual contributions**

<b><u>NAME</u></b>	<b><u>Individual Contributions</u></b>	<b><u>Hours this week</u></b>	<b><u>HOURS cumulative</u></b>
A	Xin Tong	3	56
B	Di Zhao	4	56
C	Tianqi Luo	4	56
D	Le Wei	4	56

### **Comments and extended discussion**

After solving the programming problem, everything goes very well. I have confidence that we can finish the design on time.

### **Plan for coming week (please describe as what, who, when)**

Next week we will make the whole equipment and program more intelligentize.
